

DELEGATES SENT TO ST. PETERSBURG

Peasants Ascertaining Conditions at First Hand.

Labor Element Waiting Until Time Is Right for General Strike in Russia.

ATTEMPT TO DYNAMITE TRAIN.

There is practically no change today in the situation throughout Russia. Disorders are reported from several quarters, but nothing approaching a general uprising is attempted. The government still has the situation in hand.

Ekaterinoslav, July 30.—While the train upon which a correspondent was traveling from Kharkov to Ekaterinoslav was passing the great monastery erected near Borok, by Alexander III. to commemorate the escape of himself and members of the imperial family from a railroad wreck in 1888, firing and cries for help were heard.

The train stopped and a monk came on board. He said the peasants were attacking the monastery and that the monks were defending it. He had managed to escape to summon help.

Soldiers Revolt.

Poltava, Russia, July 30.—A grave outbreak occurred yesterday in the Sevastopol regiment, following the arrest of a private of the First battalion, who was discovered, with some other soldiers in a shed where the revolutionists are in the habit of holding meetings.

After the arrest the entire First battalion, accompanied by a large crowd, paraded the streets in defiance of the military authorities.

Loyal Troops Called Out.

The soldiers proceeded to the artillery barracks where they seized several guns and marched with them to the prison where the political prisoners are confined.

At this stage all the remainder of the Poltava garrison was called out. The loyal troops fired on the mutineers with machine guns as they were engaged in breaking down the gate of the prison. Several men were killed or wounded. The outbreak was not suppressed until 2 o'clock this morning.

To Dynamite Train.

Paris, July 30.—An unsuccessful attempt was made to dynamite a train on which the Russian Grand Duke Vladimir was a passenger, near Charelerio this morning. The attempt is attributed to Russian anarchists.

Strike Is Deferred.

St. Petersburg, July 30.—Employees of the Putiloff Iron Works numbering several thousand, had a meeting last night and discussed the general situation and outlook for a successful strike. The workmen decided to remain quiet for the present and act cautiously at the first appeal for a general strike to bring the government to time.

Peasants to Investigate.

St. Petersburg, July 30.—Peasants in ninety provincial districts have decided to send delegates here to investigate the present conditions and learn the government's intentions. They will then advise the peasants at home what attitude to assume, and let them know what they may expect. News-papers, which have escaped suppression, continue to criticize the government, but Premier Stolypin is not at all tempted to bribe them.

RACE WAR

Precipitated By Acts of Lawlessness Near Ulin, Ill.

Ulin, Ill., July 30.—As a climax to the reign of terror that has been enacted in this county by repeated acts of lawlessness by negroes, Homer Harris, a white man, was shot to death at 10 o'clock last night by William McDaniels, a negro. A pitched battle in the dark followed between friends of the murdered man and negroes. So far as is known only one person, a negro, was hurt. The blacks escaped under a running fire and have been pursued by Sheriff Jim Weaver and a posse all day. Tonight a report from the scene of the trouble says that they have found the trail of the negroes and that bloodhounds have been sent for.

By the consent of the people of Paducah, The Sun has the largest circulation in the city and county. The average for June was 4072 a day.

Famine Causes Deaths of Violence. Simla, July 30.—Fertile Bengal is unaccustomed to famine, and is prepared to take the ensuing distress very seriously. Bengal reports are received of the following cases of death and violence due to the distress: "At Backerganj two men died of starvation, while a wife and a daughter were severely wounded by a despairing husband, who attempted to kill them because he could not hear of see their sufferings from hunger. Two huts were looted by peasants who wanted rice."

HUMANE

MUST BE THE TREATMENT OF HORSES BY OWNERS.

Livery Stable Proprietors May Receive Attention of Society's Officer.

"When any defendant is brought before me for cruelty to animals, he will be dealt with severely," Police Judge E. H. Maynor declared this morning as he wrote out a warrant against Howard Cartwright and Leander Graves, both colored, the former driver and latter owner of a one-horse express outfit. The horse has a sore back and Tom Sanders, officer of the Humane society, had given the driver warning to take the horse out of harness or suffer the consequences.

Cartwright is a young negro and disclaimed any intention of being cruel to the horse. He stated he was simply an agent of Graves, the owner, but both were arrested.

The habit of working horses incessantly on Sunday by livery companies was also another matter the Humane society officer stated he intended looking into. It is said that horses are hired out in the morning, afternoon and night by livery companies, and that they often are brought in by one patron and without being un hitched are sent out for another the animal getting no rest.

Harrison Denies Report.

New York, July 30.—E. H. Harrison, president of the Union Pacific Railroad company, said today that there is no foundation whatever for the report that the Union Pacific has acquired the Chicago, Milwaukee and St. Paul railroad. Mr. Harrison said the report was probably circulated by parties having an ulterior movement.

EFFORT TO LYNCH

MURDERER OF WOMAN AND HER CHILDREN DEFEATED.

Officers Say That Elmer Dempster Confessed His Guilt of the Crime.

Canonburg, Pa., July 30.—Coroner Sipe and Constable Miller, drove into town this morning with Elmer Dempster, 19 years old, a negro, arrested for the murder of Mrs. Samuel Pearce and two children, and for shooting a third child last evening. He was the last person seen about the house before the tragedy. The negro was taken to Washington, the county seat, where a desperate attempt was made to lynch him. The officers succeeded in landing him in the jail. Officers say Dempster confessed.

Root Cordially Received.

Illo Janeiro, July 30.—Secretary of State Root arrived today and was received with all honors by the Brazilian government, and was taken through the streets and given a popular ovation. He visited President Givon at a brilliant reception at the palace.

Catholic Societies Federation.

Buffalo, July 30.—Delegates representing a million and a half Catholics opened the business session of the fifth national convention of the American Federation of Catholic societies here today.

PLAIN LANGUAGE DR. NEWELL USES

Compliments Mayor and Denounces Chief of Police

Speaks About Bad Moral Atmosphere in Paducah and Will Go After Liquor Dealers.

NEWS OF CHURCHES SUNDAY.

Without mincing words the Rev. T. J. Newell spoke his mind about conditions in Paducah at the Broadway Methodist church in two sermons yesterday. The administration was touched upon more than once, and Dr. Newell showed what he thought of Mayor Vetter's political friends by saying, that the executive proves himself to be one of the strong men of the state, because having been elected by a corrupt crowd, he is making a good official. Then Dr. Newell turned on Chief of Police James Collins and said, that if a certain condition exists at a place on Sixth street, the chief should be impeached whether he is cognizant of it or not. He said the charge was made at the meeting in regard to saloon license held by the general council. He said Chief Collins was there and did not deny that the condition was allowed to exist.

Dr. Newell asserted that if a saloon keeper, whose license was discontinued because of the distribution of evil cards, is in Paducah, when the grand jury meets again, he will send the saloon keeper to the penitentiary, as he has the evidence to do it with.

In his morning sermon the Rev. T. J. Newell preached on the presence and nature of evil in Paducah. He made the point that the indisputable presence of evil in the city indicated a lax moral sense. He undertook to show the economic aspects of certain licensed businesses in the city in such a way as to prove them not only degrading to the moral atmosphere of the city, but as well tended to depreciate its material prosperity. He also thought that not only the little fellow in those enterprises only should be attacked, but that the men in the larger enterprises who really directed the smaller men, should be brought to time, either through the medium of the law or by other ways. At the close of his sermon every person who could endorse what he said was invited to indicate it by shaking his hand.

In his evening sermon, Dr. Newell suggested a remedy for the conditions he said existed in the city in his morning sermon. It was that a high moral sense should be cultivated in the home; that persons engaged in business, which tended to degrade society should be made to feel their wrong-doing by social ostracism. He also said the rising generation, on which the future of the country depends, could not be the strong men and women necessary to preserve our country unless they were raised in a high moral atmosphere.

Quarterly Conference.

The Rev. W. W. Armstrong filled the pulpit at the morning and evening services of the Trimble Street Methodist church, yesterday, and large congregations were present. For his morning topic he spoke on "Christ in Man" and in the evening on "A Fruitful Life." Tomorrow evening the quarterly conference will be held at the church. All official members of the church are urged to be present as there will be business of importance. The Rev. Blackard will preside.

At the Cumberland.

Morning and evening services were held at the Cumberland Presbyterian church yesterday by the Rev. T. E. Heard, of Dyer, Tenn., a visiting divine. At present this church is without a regular pastor and the officers will probably not call one before the last of next month.

Two Services.

Two services were held at the First Baptist church yesterday by the Rev. T. W. Morten, of Dawson Springs, in, the evening he preached an especially strong sermon. The attendance was good at both services. It is not known definitely who will fill the pulpit next Sunday.

Mrs. Catherine Beyer, of South Third street, is visiting in Benton, Ky., this week.

TO ISSUE \$100,000 OF CITY'S BONDS FOR BUILDING PARKS

The park commission is in session this afternoon at the city hall and the matter of issuing bonds for building parks was taken up. A member of the board stated: "It has been practically decided that the board will lay the matter of issuing \$100,000 in bonds for building parks before the city at the next fall election."

The general council has agreed to allow the board \$1,500 out of the general fund for park purposes this year, and property will be acquired.

GENERAL OKU'S HONOR

Tokio, July 30.—Baron Oku was today appointed chief of the general staff to succeed the late Viscount Kodama, who died recently. General Oku was one of the division commanders who won glory for himself and the army during the recent war with Russia.

TWENTY VICTIMS ALONG THE COAST

Squalls and Storms Play Havoc on Sunday.

Wreck List in New York Includes Two Dead and Thirty Injured—Work of Cowboys.

SAND BANK CRUSHED LIVES.

New York, July 30.—More than twenty people lost their lives by drowning in the squall storm which swept over New York and New Jersey yesterday. Ten lives were lost by the wreck of two aloops on Hereford bar, at the mouth of Angelsea Inlet, New Jersey. Others were drowned from the capsizing of smaller boats.

Two Killed; Thirty Injured.

Poughkeepsie, N. Y., July 30.—Two killed and thirty injured, fifteen seriously, is the revised estimate of casualties in the wreck of the Pennsylvania express on the New York Central near here last night. The wreck was caused by a landslide.

Work of Cowboys.

Fort Worth, July 30.—A fast train on the Frisco railway was wrecked in the Indian territory last night by cowboys, who placed obstructions on the track to see the train stop. Fireman Station was instantly killed and Engineer Harlan will die. There were 200 excursionists on the train.

Sand Bank Caves In.

Windfall, Ind., July 30.—While loading sand in a gravel bank today an overhead bank saved in, burying Linton Crum and C. B. Myers. Crum was taken out dead. Myers' leg was badly crushed, and he was so severely injured internally that his recovery is doubtful.

Peon Uncovers Bonanza.

Guanajuato, Mexico, July 30.—The romantic history of Puerto Alvarado, the peon mining king of Chichuahua promises to be duplicated in the case of Juan Flores, a resident of this city. A few months ago Flores was a half-naked laborer, earning 75 cents a day, now he is the owner of a bonanza mine and a prospective multimillionaire. About a year ago Flores denounced the Carmen prospect on the Augustinos mountain in this state. He paid the denouncement charges with money saved from his scanty wages. Development work has shown the Carmen to be a bonanza property, and Flores has already refused an offer of \$1,000,000 for the mine.

Three Men Sleep on Track.

Bristow, I. T., July 30.—Three young men of Tulsa were run over this afternoon at 1 o'clock, near this place, by an east-bound Frisco passenger train. George Reynolds, aged 27, son of F. D. Reynolds, was instantly killed; Harry Brown, aged 15, son of W. T. Brown, was badly mangled; but physicians say he can not live, and John Reynolds, aged 12, was knocked unconscious and seriously injured. The boys were going to Oklahoma City and had fallen asleep on the railroad track.

League With Buckshogs.

Atlanta, Ga., July 30.—Investigation of charges made on the floor of the Georgia legislature Tuesday during the discussion of the buckshot bill, that unnamed officers of the Southern Cotton association held interests in Piedmont Brokerage company's buckshot, will be made Monday morning by order of President Harvie Jordan, of the association.

BURGLARS BUSY SATURDAY NIGHT

Several Attempts Thwarted By the Inmates.

Box Car Robber Steals Quantity of Peanuts and Sells Sack to Clerk.

ONE MAN SHOTS AT PROWLERS.

There is a run on in the retail fire-arm trade and a better class of pistol is taking the lead as a seller. This is all because of a spurt in the burglary business and it will mean "more work for the undertaker." If the operations of the burglar do not cease.

Saturday night several attempted residence burglars were reported in each instance the intended victims came out ahead and nothing serious is reported as resulting. The conditions are becoming more serious daily and the authorities are preparing to adopt drastic means to stop the practice.

Box Car Robbery.

A tall, black negro, wearing a soft hat, broke into box car No. 22,131, on the Memphis "lead" of the Illinois Central Saturday night and stole several sacks of peanuts. He broke the seal on the car and one of the sacks of "roobers" has been recovered. The peanuts were shipped by the Southern Peanut company, south. Special Policeman Dick Tolbert recovered one sack from the John Moore grocery Seventh and Adams streets, Sunday afternoon. The sack had been sold to a clerk for \$1.50, a fraction of what it was worth. The clerk had a falling memory and during the Sunday morning rush forgot who he bought the goods from. Tolbert is looking after the matter and thinks he will be able to make the proper connection.

Residence Visited.

Saturday night during the rain storm a thief entered the residence of Bob Deloach on Jackson street near Ninth street, and stole an umbrella. He entered from the rear and went into a bedroom. The umbrella was all that has been missed.

A prowler was frightened away from the residence of Harry Garrett on North Sixth street between Clay and Trimble streets, Saturday night. It is thought he was a negro, although the women who frightened him away did not get a good look at him.

Took a Shot at Him.

Mr. L. B. Ragan, of West Trimble, near Twelfth street, shot twice at a burglar Sunday morning about 2 o'clock, but was unsuccessful in hitting his mark. He was handicapped by the darkness, and while he missed he gave the prowler a scare.

Mr. Ragan conducts a saloon on South Third street, a half square off Broadway, and closed at 12 o'clock Saturday night. At 1 o'clock he reached home. His wife had been alone and complained that she had heard a prowler about the back-yard. Mr. Ragan gave the matter no serious thought and went to bed.

At 2 o'clock his wife awakened him. She had heard a peculiar noise. Some one was walking cautiously on the back porch. Mr. Ragan procured his pistol and started for the rear of the house. He opened the screen door carefully, but the creaking of the hinges frightened the burglar and he ran.

Mr. Ragan stepped out on his back porch and fired two shots. The burglar continued his flight and Mr. Ragan was unable to follow because of his scanty attire.

Mr. E. O. Thomas, at 930 Trimble street, reports the theft of a set of fine lace curtains and several articles of wearing apparel from his residence Sunday.

Rocked the Boat.

St. Holly, N. Y., July 30.—Raymond Rambo and Clarence Carmella went out in a rowboat on Rancocas park lake with Laura Bozart and Susie Stiltz, of Southville, today. The men soon began to rock the boat which overturned throwing the occupants into the water. The Bozart and Stiltz girls were drowned, but the men escaped. The latter were placed under arrest.

League With Buckshogs.

Atlanta, Ga., July 30.—Investigation of charges made on the floor of the Georgia legislature Tuesday during the discussion of the buckshot bill, that unnamed officers of the Southern Cotton association held interests in Piedmont Brokerage company's buckshot, will be made Monday morning by order of President Harvie Jordan, of the association.

Fair tonight and Tuesday except showers tonight in extreme east portion. The highest temperature reached yesterday was 92 and the lowest this morning was 68.

To Tackle Lumber Trust.

Shawnee, Okla., July 30.—A fight to destroy the lumber trust in Indian territory has been instituted in the federal court at Muskogee, and depositions are being taken to disclose the methods used by the trust in controlling the price of lumber and other building material. A similar attack on the lumber trust was made in the territorial courts of Oklahoma about two years ago, but owing to alleged defects in the law members of the trust who were indicted escaped punishment, and the trust suffered no setback in its prosperity.

AFTER BLACKWELL

DETECTIVE T. J. MOORE WILL GO TOMORROW NIGHT.

J. W. Pippin Thinks That the Prisoner Stole a Horse From Him in June, 1905.

Requisition papers for D. N. Blackwell, of Scotts Hill, Tenn., who is under arrest at Lexington, Tenn., as an alleged green goods operator, have arrived, and Detective T. J. Moore will go after the prisoner Tuesday night. On Wednesday the preliminary hearing will be held at Lexington for the purpose of identifying the prisoner. The papers reached Lexington Saturday but a prisoner is allowed 48 hours before he can be taken out of Tennessee.

Blackwell is charged with being implicated in swindling Frank and Lafayette Robinson, of Milan, Tenn., out of \$750 in a Paducah hotel May 29. He gave bond at Lexington.

In connection with the case Detective Moore received a communication from J. W. Pippin, a livery man of Hermitage, Tenn., formerly of Cookeville. It mentions a clipping from a "papo" in "Padukki," containing an account of the green goods game. The writer says he thinks Blackwell beat him out of a "malr" which Blackwell "hared" from him June 13, 1905. He said the prisoner was selling "resena" for killing "buggs" at that time and he was "some talker." Pippin mentioned that "some Peppi nose him as Dr. J. B. Braddley."

After Duel With Swords.

Madrid, July 30.—Capt. Castelo, of the artillery, a son of Gen. Castelo, was dangerously and probably mortally wounded in a duel with swords fought yesterday evening with Senor Arroyo. The latter fled.

EIGHT DROWN

YACHTS CAPSIZE OFF HEREFORD INLET BAR.

Sudden Squall Jeopardizes Lives of Thirty-two Persons on New Jersey Coast.

Angelsea, N. J., July 30.—Two yachts coming in from the fishing banks were capsized off Hereford Inlet bar off here today and so far as can be ascertained eight lives were lost.

There were 32 persons on one yacht of whom seven were lost, and 12 on the other, all of whom but one were saved.

That not more fell victims to the rough sea is due to the heroism of Capt. Henry B. Laddam of the Hereford Inlet Life Saving station, and crew of five men.

The dead are: Frederick Fisher, Sr., Philadelphia; Herbert Hammell, Lanadale, Pa.; Walter Snyder, Philadelphia; John Fogarty, Haverford, Pa.; J. Starkey, Philadelphia; Jerry Donohue, Philadelphia; unknown man. The bodies have been recovered.

Samuel Lodner, of Woodbury, N. J., is missing.

Masked Robbers Hold Station.

Linden, Ind., July 30.—Seven masked men last night held up Operator Williams in the Clover Leaf station, blew the safe and secured \$200. They escaped.

BUILD SCAFFOLD FOR ALLEN MATHIS

Assailant of Miss Ethel McClain Indicted.

Mayfield Officers Come to Paducah and Leave for Louisville After Him.

MILITARY COMPANY ON DUTY.

Trouble is feared at Mayfield where thousands are walking the streets. Mathis is indicted and the scaffold is under construction. The militia is under arms and will meet the prisoner at the station.

Mayfield, July 30.—Although Allen Mathis the negro charged with and confessed to criminally assaulting Miss Ethel McClain in this city, in jail in Louisville. He was indicted this morning and workmen already have commenced building the scaffold on which he will be hung in the jail yard.

The grand jury was in session only a few minutes this morning. Before the grand jury got down to work the timbers for the scaffold were taken to the site. The town is full of people, thronging the streets, and there is danger that the formal legal preliminaries to the execution of the negro may be dispensed with.

As soon as the indictment was returned this morning Deputies J. P. Galloway, Oscar Elmore and M. O. Sullivan, went to Paducah to get the prisoner, but learned there that the prisoner had been taken to Louisville. They telephoned back and proceeded on their journey.

Expecting that the officers would return with their prisoner this afternoon more than 1,000 people were on the streets and it was feared a lynching might result. The local military company has been ordered under arms and will meet the officers at the train.

From the temper of the public here disorder is looked for, and it may be the crowd will play a trick on the officers and capture the prisoner before he reaches Mayfield. Some of them may try to intercept the officers at Paducah.

Took Him to Louisville.

Allen Mathis, the negro who criminally assaulted Miss Ethel McClain in Mayfield last week, and who was brought to Paducah for safe keeping, in Louisville. He was taken there Sunday morning and will be retained until the special venire is summoned and the grand jury drawn to indict the negro. He will be protected by a special guard when taken back to the scene of his crime for trial.

Mathis spent Thursday, Friday and Saturday night in Paducah. He was not kept in the jail either night, but was conveyed to the woods by special deputy jailers for safe keeping and as a precaution against mob interference. Saturday night the severe strain on Jailer James Eaker prompted him to transfer his charge to some other place. Sunday morning at 1:20 o'clock Jailer James Eaker and Deputy Sheriff Osa Rogers spirited Mathis out of jail and to the depot and at 7:40 o'clock the prisoner was taken from the train at Louisville. Immediately he was placed in the Jefferson county jail to remain until the court is ready to act.

There was talk in Mayfield Saturday and Sunday night of another visit to Paducah in quest of the negro, but it proved to be nothing more than talk. The first experience of the "mob" was too much.

HEARST NOT DEMOCRAT.

Statement of Alton B. Parker on New York Situation.

Utica, N. Y., July 30.—Former Judge Alton B. Parker, in an interview here today discusses the coming state election. He declared that the Democratic party is rich in men who could fill the office of governor.

"The last utterance of Mr. Hearst I have read," said the Judge, "was to the effect that he intended to accept the nomination of the Independence League. It is asserted in many quarters, and indeed believed, that the Independence League was organized to compel the Democratic party to accept Mr. Hearst as its nominee. Certainly Mr. Hearst is too shrewd a man to believe it possible that a Democratic convention will ever be made up of delegates so absolutely quillaninous as to surrender to one demanding that the party deliver up to him the honor and power he covets, or suffer defeat."

No Game Was Played at Mattoon Yesterday—Vincennes Won From
Us Saturday.

PLANS FOR PADUCAH SERIES.

Team Standing.	P.	W.	L.	Pct.
Vincennes	86	55	31	.639
Calro	86	45	41	.523
Jacksonville	86	45	41	.523
PADUCAH	86	40	46	.470
Danville	87	39	48	.448
Mattoon	84	33	51	.393

Sunday's Results.
Vincennes, 6; Calro, 2.
Jacksonville, 2; Danville, 1.
Paducah-Mattoon—Rais.

Today's Schedule.
Paducah at Mattoon.
Jacksonville at Danville.
Calro at Vincennes.

No report was received from Mattoon and it is presumed that no game was played by the Hoosiers and Indians on Sunday rain possibly interfering.

The Indians will return to Paducah Wednesday and meet Mattoon for a series of three games. The Indians have not been playing winning ball on the trip. This is due to the fact that the lineup has not always been maintained. Quigley is hitting like a fiend, and every game makes a single or two for the fast second sacker. By hard and consistent playing Quigley has won the reputation of being the premier second baseman in the Kity. He failed to connect regularly with the sphere with Evansville and Jimmie Ryan turned him loose for Charlie French, late of Vincennes. French will not play the ball Quigley does. Haas and Taylor have also been hitting the ball and Cooper has hit up a few bushels of dirt with hingles. The hits have not been bunched and this accounts for the Indians' poor showing. By the addition of Asher, pitcher, the Indians have been strengthened, and when the at home series is finished it is expected that the standing of the Paducah club will be shoved up just a little.

The management says it is in to win. President Gus Thompson and other members of the association will spare no energy and money and if the fans come strong enough the management will give them a showing for their patronage.

Hoosiers Again Successful.
Vincennes, Ind., July 30.—The Hoosiers whipped Calro in a close game yesterday before a good crowd. The fact that "Hub Huz Dub" Paducah was in excellent form tells the story of Calro's defeat. Four hits the Cubs allowed.

The score: R H E
Calro 2 4 3
Vincennes 6 11 2
Batteries—Woodring and Quieser; Paducah and Mattoon.

Home Run.
Jacksonville, Ill., July 30.—"Dommy" Hughes hit out a home run in the eighth inning and won for the Belts.

The score: R H E
Jacksonville 2 6 2
Danville 1 4 0
Batteries—Fox and Belt; Fleming and Ott.

Saturday's Games.
Vincennes, 5; Paducah, 4. (15 innings).
Calro, 3; Mattoon, 4.
Danville, 3; Jacksonville, 2.

Indians Lose Hard Battle.
Vincennes, Ind., July 30.—The Indians and Hoosiers went it for 15 innings Saturday and Asher threw his own game away in the 15th inning. He tried to catch Wilkerson at second on a steal and threw wild, letting in the winning run. It was one of the greatest battles of the season.

The score: R H E
Paducah 4 13 3
Vincennes 5 10 3
Batteries—Asher and Downing; Farrell and Mattoon.

Hoosiers Lose.
Mattoon, Ill., July 30.—The Hoosiers lost Saturday through errors.
The score: R H E
Calro 5 10 5
Mattoon 4 9 4

Danville 3 9 2
Jacksonville 2 12 3
Batteries—Seihy and Johnston; Hockett and Belt.

L. A. L.'s Defeated.
The L. A. L. baseball team was defeated by the Mound City team Sunday by the score of 3 to 6. The game was well attended and fairly well played.

The score: R H E
L. A. L. 6 4 5
Mound City 8 5 5
Batteries—Woodbridge and Block; Seymore and Seshier.

This makes the L. A. L. team's second defeat at the hands of the Mound City team. Woodring, now pitching for Calro, turned the trick against the L. A. L. team the first time.

THE BIG LEAGUES

Southwest Trawl.

What is apparently the inevitable in outward-bound commerce of the United States is indicated by the increasing trend toward southern ports of breadstuffs for exports. For a number of years that tendency has been marked, and in the main has been increasing, notwithstanding occasional lagging due to a slackness in the whole export movement of breadstuffs than to anything else. It is strikingly demonstrated in the increase by values of breadstuffs exports in southern ports during the fiscal year just closed over the preceding year, the comparison being presented in the following table:

Districts.	1905.
Baltimore	\$9,628,598
Newport, News	4,298,075
Norfolk and Portsmouth	732,287
Galveston	2,925,986
Mobile	2,520,810
New Orleans	10,689,916

Total \$30,850,182
All districts 101,107,417

Districts.	1906
Baltimore	\$24,716,059
Newport News	9,919,147
Norfolk and Portsmouth	2,227,644
Galveston	11,331,353
Mobile	2,911,510
New Orleans	17,535,549

Total \$68,701,322
All districts 177,350,476

The increase in the six southern ports named was from \$30,850,182 to \$68,701,322, or \$37,851,140, a little more than 122 per cent. In the 17 other customs districts considered the increase was from \$70,257,235 to \$108,648,954, or \$38,391,719, or less than 55 per cent. The increase as the six southern ports was nearly 50 per cent. of the increase of the whole country, and more than 27,000,000 of the \$28,000,000 increase at other ports was at New York and Philadelphia.

The increase in the value of all exports of domestic merchandise was from \$1,491,744,611 to \$1,717,859,295, or \$226,114,754. Toward the total increase breadstuffs contributed \$76,243,059.—Manufacturers' Record.

No Excuse.

A certain theatrical manager of Chicago tells of an Irish policeman in that city possessing Dogberry-like traits. On one occasion at midnight the custodian of the law overhauled a sleep-walker who was promenading a principal thoroughfare clad only in his night robes. When the officer had awakened the unfortunate man, placed him under arrest and was hustling him off to the station, the sleep-walker exclaimed with indignation:

"Surely you are not going to lock me up?"

"Surest thing you know!" airily responded the bluecoat.

"Why, man I can't be held responsible for the predicament you find me in. I am a somnambulist!"

"Sure, it makes no difference what church you belong to," sharply returned the officer, "ye can't parade the streets of Chicago in your nightgown!"—Harper's Weekly.

Many Women Go to Philippines as Teachers to Accompany Their Husbands.

ITALIANS TAKE MONEY HOME.

Washington, July 30.—John Wesley Gaines is for waterways improvements through larger appropriations; there is no doubt of that. In fact, the improvement of the Cumberland river from its mouth to Carhage, as recommended at the last session of congress, the deepening of the Ohio and various other projects of great importance, are likely to remain little more than an airy dream if the coming rivers and harbors bills do not far outstrip their predecessors. The national rivers and harbors congress is indeed working to this end, and in its labors has the sympathy of Representative Gaines who, in speaking on this subject, in an interview just given out by this organization, said:

I approve of the work of the national rivers and harbors congress in endeavoring to stimulate sentiment in favor of larger appropriations for rivers and harbors improvements. We need larger appropriations and more vigorous and constant prosecution of the projects already begun. The present policy of small appropriations has delayed the improvement of the Cumberland river, as well as other projects throughout the country. The improvement of this river, it should be pointed out with special emphasis, will moderate and regulate railroad rates, and the supreme court has so held. It is an indisputable fact. An historical and upright people, such as the Tennesseans and Kentuckians are, are entitled to more just and prompt relief in this matter than they have received. They demand the completion of the lock and dam system in the Cumberland. It will open up the Mississippi and Ohio valleys to the Cumberland valley, and vice versa. I think the people of the United States should demand reasonable appropriations and prompt and constant work in improving our rivers and harbors.

Interesting Figures.

Some rather interesting figures in the time-honored game known as "soaking the government" have just appeared, showing the tremendous premium which the government has to pay because it cannot transact business as a private corporation or individual. According to these figures, when the land for the new senate office building was bought it was assessed at \$232,000, and could probably have been bought by a private purchaser for \$350,000. The government had to pay \$718,000. And so the game goes on, it being a pretty well established axiom that a government, whether national or merely municipal, has to pay far more for the acquisition and maintenance of property for the benefit of its citizens than would those same citizens in their private business capacities. And it all comes out of their pockets. Fortunately for the national pride, however, this merry game is played in other countries as well. Reports have just come from Scotland, for example, stating that after six years of continuous financial loss, Glasgow has given up their attempt at municipalization of telephones. The city has been unable to compete with the private corporations and the people tired of footing the bills, have decided to quit. The significant part of the whole situation, however, lies in the fact that the unprofitable business has been turned over, not to a private corporation, but to the postoffice. "Soaking the government" seems to be a universal game.

Going as Teachers.

Benevolent assimilation is not a quick process apparently, and in the case of the Philippines, Uncle Sam has decided that to hasten its course the sudden effect of gentle woman is as necessary as the presence of his army. At any rate a departure from the ordinary procedure has been made the civil service commission has announced that wives or fiancées of clerks going to that turbulent land of perpetual plenty—the Philippines—may be examined for positions as teachers. In order that they may accompany their men folk, and by teaching the young Filipino idea how to read, divert it from shooting, and hasten toward the islands a peace which in the light of latest reports seems reluctant to settle there. As a general thing, the government is slow to have anything to do with sending women to unsettled territory, and it is as yet not known whether this exception is to be taken as an official approval of matrimony or not. If it is, Uncle Sam is nothing if not inconsistent, evidently holding with Carlisle that inconsistency is no virtue, for in the census bureau here the marriage of a female clerk makes necessary her resignation. Judged by this, the government is evidently in favor of marriage for men, but not for women.

Nations and Home.

The west is not the only part of the country where laborers in the earth glean from it gold, according to the department of commerce and labor. The immigrants from southern Italy, a majority of whom never get west of Pennsylvania, gather in millions of dollars annually from their work in mines, tunnels and the like. Their one idea seems to be to accumulate a fortune—a very elastic quantity, and not in this case measured by the Rockefeller standard—and return to their native country. Even if they cannot return to Italy, they send back as much money as possible, removing it finally from this country, and for this reason, though desirable as immigrants in other respects, they fall in one great qualification—that is, they do not settle down and spend, when they earn it, the results of their labor. That the drain is not inconsiderable is shown by the fact that temporary Italian residents in this country annually send to a single bank in Naples more than half a million dollars in American money. The bank is question has 185,000 accounts with Italians in the United States, and it is only one of many. These figures afford a strange contrast between the two races, for the American, making his money at home, spends it abroad while the Italian, earning it abroad, spends it at home.

Could Not Save Him.

Recollections nearly half a century old were brought back this week when a small man nearly seventy years old and on the verge of delirium tremens was given a 15-day sentence in this city. The man was none other than a former White House clerk of Abraham Lincoln—who took probably the last official correspondence of the martyred president on the Friday of his assassination. He is the author of a biography of Lincoln and several stories of reminiscence, but neither his former associations nor his works were able to save him at the bar of justice.

To the Man Who Wants to Advertise, But Thinks It's Too "Expensive"—

We want to show you why it isn't expensive. If we find that advertising can be applied to your business, we will prove to you that advertising is not nearly so expensive as the concessions you must make in forcing an unadvertised article into consumption.

WE want to tell you about the kind of advertising that will sell your goods at a profit and at the same time add dollar after dollar to the value of your brands and trade-marks.

We want to show you how to make the trade come to you instead of you having to go to the trade.

We want to show you how to gain real business independence—Independence of competition—of the trade, trade-deals and combinations.

We want to show you how you can regulate your selling cost and selling prices to suit yourself—not to suit the trade—salesmen, jobbers, commission men and retailers.

Don't say that such things are impossible in your particular business.

We have met many business men who have said just that. Today a large percentage of these men are among our most successful advertisers and have accomplished all that we have outlined.

We want to talk to you about your business. If advertising will be of value to you, you need us. If we cannot be of

service to you we will tell you so without hesitation.

We want to explain to you how we are able to eliminate the experimental waste which is a part of ordinary advertising campaigns.

We eliminate this waste by basing advertising campaigns on the Lord & Thomas Record of Results—a classified, tabulated record of so many and such a comprehensive variety of propositions that practically every class of advertised commodity is thoroughly covered.

One of our representatives is in your city every few days looking after the interests of some of our present clients. That is why we are advertising in this newspaper—to you—NOW.

A letter granting us an interview in your office will not obligate you in any way.

It may be, we can convince you that advertising wouldn't be "expensive" for you.

If we can't, there's no harm done.

We are issuing a series of small books (cloth bound) covering advertising in all its phases, which we send free to interested advertisers.

Daily Thought.

"The enjoyment of work is the
enjoyment of life."

A half dozen big insurance compa-
nies principally foreign, have de-
finitely announced that they will pay
no San Francisco claims, because the
fire was caused by an earthquake.
Others agree to pay for damages by
fire in case, where it is proved that
the fire originated from some source
other than the earthquake. No one
ever has questioned the right of the
companies to refuse payment of
claims for damages caused by the
earthquake, but the argument that
the companies are not liable for
damages by fire resulting from the
earthquake, it seems, would release
the companies from liability in any
sort of case that could be cited.
There is a cause for every fire and if
the companies look to the origin of
the fire instead of the fire itself in
each instance, it is a waste of money
to pay premiums on insurance poli-
cies. The country anticipated a long
drawn out battle, on account of the
difficulty of distinguishing in some
instances between the damages by
fire and damages by earthquake, but
insurers generally did not expect
this wholesale repudiation of obli-
gations by the companies. Manifestly
this attenuated excuse for repudia-
tion is the straw that is sinking
companies are grasping, and we may
expect them to make a bid for pub-
lic sympathy, by arguing that they
are thus protecting their other pol-
icy holders. In the meantime, insur-
ance companies have increased the
rate in Kentucky to cover the losses
in California. The net losses by the
catastrophe must be the curtailment
of income from premiums and the
fee of that lawyer, who advised the
companies to decline payment.

JUVENILE COURT

HAS HIS SESSION WITH PRISONERS TODAY.

Judge Lightfoot Will Hear Accusations Against Three Children—One Girl.

Judge R. T. Lightfoot's juvenile
court is busy. Today three juveniles
are to appear before Judge Lightfoot.
All are colored.

Jimmie Hale is charged with disor-
derly conduct.

Mattie Hill is the first girl to be
held over. She is accused of using
abusive and obscene language at Sec-
ond and Washington streets towards
Charles Leaman.

Nilton Moore colored, 14 years
old, who is alleged to have made a
practice of jumping on and off Illi-
nois Central passenger trains at
Eleventh street and Broadway for
some time, is under arrest for a
breach of ordinance. The boy yester-
day morning jumped on and off the
Cairo-Louisville excursion train a
half dozen times. Special Police-
man Dick Tolbert of the Illinois Cen-
tral, stated that Moore was ordered
off the cars several times, but would
jump on again.

He was sentenced to seven years
in the reform school, suspended.

Having been unable to figure in
Roosevelt as a candidate for the
presidency in 1908, eastern papers
are grasping at an authorized state-

ment about three "consecutive"
terms and are assured that Presi-
dent Roosevelt will run in 1912.
They can not account for his devo-
tion to duty and his attacks on cor-
ruption except as a bid for populari-
ty. We can only say that Mr. Roose-
velt's unique method of bidding for
popularity is eminently successful,
and worthy of emulation.

DIAMOND STATISTICS.

Thirty-five million dollars' worth
of diamonds were imported into the
United States in the fiscal year 1906,
against 27 millions in 1905, 19 mil-
lions in 1904, and 26 millions in 1903.

These figures just announced by the
bureau of statistics of the department
of commerce and labor, show that the
importation of diamonds in 1906 was
of greater value than in any earlier
year in the history of our import trade.

No article shows greater fluctuation
in the imports than diamonds. In
1906 the total, as indicated, was 35
millions; in 1904, two years earlier,
only 19 millions; in 1903, 26 mil-
lions, in 1900 but 12 millions; in 1897
less than 2 millions, and in 1893
about 15 million dollars.

This total of 35 million dollars' worth
of diamonds imported in 1906
exceeds materially the figures of any
earlier year. The largest total prior
to 1906 was that of 1905, about 27
million dollars, while the total for
1902 fell but slightly below that of
1903.

About 10 1/2 million dollars' worth
of diamonds imported in 1906 were
intended to be prepared for use by the
diamond-cutting establishments of the
United States, while over 24 million
dollars' worth were cut but not set.

The census report gave the number
of wage-earners engaged in lapidary
work in the United States in 1890 at
only 92, and in 1900 at 498, and the
value of the products in 1890 at
\$315,604, and in 1900 at \$5,786,281.

Practically all the diamonds im-
ported into the United States, while
the product of the African mines are
imported direct from European coun-
tries.

DEATHS OF A DAY

Edward Troutman.

Edward Troutman, 70 years old,
died on his farm of old age and a
complication of diseases, this morn-
ing. His farm is located six miles
back of Elizabethtown, Ky., and Pa-
ducah relatives left this morning to
be present at the funeral. The de-
ceased was born near his farm and
had resided in this state all his life.
He is survived by one sister and the
following sons and daughters: Dr.
J. S. Troutman Paducah; George
Troutman, Elizabethtown; Eugene
Troutman, Shettlarville, Ill., and
Mrs. Susie Bolton and Mrs. Jake
Twitwell, Paducah.

Eulah Marie Bichon.

Eulah Marie Bichon one year old,
the daughter of Mr. Peter Bichon the
grocer at Eleventh and Tennessee
streets, died last night of summer
complaint and will be buried this
afternoon at Oak Grove. The services
will be conducted by the Rev. Peter
Fields, services at the residence. The
child's mother died four months ago
today.

Ferrell Infant.

The nine-months-old son of Mr.
George Ferrell 1804 Bridge street,
died this morning of bowel trouble
and will be buried at Oak Grove this
afternoon.

Park Infant.

The ten-months-old son of Mr. W.
G. Park, 1827 Guthrie avenue, died
last night of meningitis and the body
has been taken to the county to be
buried at Mt. Pleasant.

The Cure of Headaches.

By Osteopathy.

"What bone would you pull to
treat a headache?" asked a layman.
Any bone that may be out of its cor-
rect position in the neck or back, so
as to bring its pressure upon the
nerves which express the pain sense
—that is, if the headache happens
to be due to a bony slip; but of course
it may not be at all. That is one
frequent cause, but there are many
others which are apt to be operative.
A muscular contraction in the back,
in the neck, or over the head, may
likewise cause headache. Indiges-
tion, eye-strain, mental fatigue, a
sluggish liver, constipation, kidney
disease, and many other things are
frequent causes of headache. Hence
the cure of headache osteopathically
is the cure of its cause or causes. To
find the remedy these causes, having
as they usually do an anatomical
basis, requires special and thorough
training, and that is why osteopathy
exists as an independent school of
medicine. Its practitioners are spe-
cialists. They cure headaches, as they
do other diseases not by "pulling" a
bone, unless a bone needs "pulling,"
but by finding the cause of each
special headache and giving that
cause whatever treatment is needed
to cure it. So in a dozen different
headaches one might be treated
alike osteopathically, and yet ten or
even of the dozen would likely be
cured.

Osteopathy is probably doing more

for suffering humanity than any re-
cent discovery, and I should like for
you to investigate its merits. I
should be pleased to see all who may
be interested in osteopathy at any
time from 9 a. m. to 12 and 2 to 5
p. m.

Osteopathy is the sane, rational
treatment of illness and disorders.

IN THE COURTS

Police Court.

In the police court this morning H.
S. Mullins and Ed Stinson, of Graves-
con, were fined \$25 and costs and
given ten days in jail each for carry-
ing pistols, but they took an appeal
from the jail sentence.

Mrs. Lou Charity was fined \$25 for
using abusive language towards Mrs.
Swain Townsend and recognized in the
sum of \$100 for her good conduct in
the future. Judge Puryear took occa-
sion to administer a reprimand and
agreed to suspend the fine in event
Mrs. Charity behaved in the future.

Other cases: W. B. Wilkins, drunk-
ness, \$1 and costs; Bob Dicks, col-
ored, breach of peace continued; John
Pete Baker, colored, breach of ordi-
nance, \$5 and costs; Ollie Williams
colored, disorderly conduct, dismissed.

Court Notes.

Cottle Logan filed suit against
Richard Logan for divorce, alleging
abandonment. They were married in
1898 and separated in 1904.

ENOCH ARDEN.

Philosopher Renews His Honeymoon
After Many Years.

Atlanta, Ga., July 30.—After an
absence of forty-two years, three of
which he spent in the service of the
Confederate army as a private, and the
subsequent thirty-nine in a northern
penitentiary, where he was serving a
life sentence for murder, Anderson
Pittman, a veteran 65 years old, has
returned to Georgia to find his wife
the widow of another. It is the path-
etic story of a second Enoch Arden.
When he went to the home of his wife,
known as the widow of another, she
did not recognize him, although he
did her at first sight, and whispered,
"Sarah." She finally recognized him
by the peculiar way on his nose im-
mediately between his eyes. They
are now living in Cartersville, their in-
terrupted honeymoon bridged by lapse
of two score years.

NEW COUNCILMAN

Will Be Named Tomorrow by Mayor
Yelzer.

Mayor Yelzer will announce to-
morrow his appointment of a suc-
cessor to Councilman Dipple of the
Fourth ward, resigned. While May-
or Yelzer would not tell who the
appointee is, he intimated that he
has about made up his mind. The
new councilman, it is understood,
will be a Democrat. Councilman Dip-
ple, who resigned was elected as a
Republican in the Fourth ward.

Dolphin Upsets Boat.

Paris, July 30.—The largest dol-
phin ever seen has been caught off
the coast of Algiers. It is seventeen
feet long, eleven feet in circumfer-
ence, and weighs four tons. It was
shot from the shore after it had cap-
sized a boat. Some Arabs were fish-
ing with lines when the monster
swallowed one of the baited hooks,
and dashed away at tremendous
speed. The fisherman paid out as
much line as possible and then made
it fast. This brought the dolphin up
sharply, but the strain snapped the
line. The monster then attacked the
boat and capsized it, flinging the
fishermen into the water. It was
within gunshot of the sands, and
some Arabs ashore waited till the
dolphin was clear of the men and
then dispatched it with rifles.

Drives Eight Miles Asleep.

Quincy, Ill., July 30.—Otto Tur-
ner, aged 14, living near Loraine,
got up in the night and while sound
asleep, went to a stable, hitched his
cousin's horse to a buggy and drove
away. It was ascertained that he
drove to Loraine, five miles away,
and then he turned around and
drove three and one-half miles to
the residence of his uncle, where he
was discovered fast asleep in the
buggy next morning.

awarded the custody of Ruby West
this morning by County Judge Light-
foot. The child was at the home, but
her mother, Mrs. J. H. Ross, of
Jackson, Tenn., attempted to se-
cure possession of her. The flame of

ed to Judge Lightfoot to ascertain if
he, in capacity of judge of the juve-

PLUMBERS

May Tell Board About Condition of
Bradshaw Creek.

At the meeting of the board of
health tonight at 7:30 o'clock the
plumbers will be present to give
whatever information they may have
about those residences, which have
sewer connections with Bradshaw
creek. It is understood that nearly
all, if not all the plumbers in the
city, have done sewer work for the
residents of that neighborhood and
for them to divulge the information
is the easiest way for the board to
get at the trouble. The low water in
the creek allows the refuse to stagn-
ate, sending up an unhealthy odor.

Important Notice to Property Owners

Paducah, Ky., July 30, 1906.

All property owners are hereby
notified to at once connect all yard
drains to the storm water sewers on
Kentucky avenue between Fourth
and Ninth street and on Sixth, Sev-
enth and Ninth streets, between
Kentucky avenue and Broadway.

Has Cholera Morbus.

Wade Brown, deputy United States
Marshal, was seized by a severe at-
tack of cholera morbus Saturday
night and was in a serious condition
for several hours. A doctor was with
him all night, but is today much bet-
ter. He will be confined to his home
several days longer, however.

FAILING

To get her Oxfords from us misses a
great deal of Shoe comfort and the
graceful beauty of stylish footwear.
There is something you cannot exactly
describe about a good, well fitting Ox-
ford. But other people do notice it at a
glance. An ill fitting shoe will destroy
the entire effect of a beautifully gowned
woman. If a shoe pinches or binds you cannot walk as
gracefully as you could if you were comfortable and uncon-
scious of your feet. When you put on our Oxfords you can
rest easy as to correct style and comfort. If they're Rock's
they're right, they're right they're Rock's.

REPUBLICANS

Expect to Make Further Gains in Missouri.

Jefferson City, Mo., July 30.—The Republicans of the state are not only feeling assured of again carrying for congress in 1903 those districts in which they were victorious in 1904, but are sanguine and confident of winning in other districts as well, and thereby have hopes of increasing their representation in the delegation. The total Republican vote on congressman in 1904 was 317,002, as against a total Democratic vote of 304,391 with a total scattering vote of 9,852. On the Republican side there was an increase in the congressional vote of 1904 over that of 1902 of 55,574, while the Democratic increase in the same period was 30,745—a net Republican increase of 24,829.

ARMING THE LOUISIANA.

She Will Carry President to Panama and the New Gun.

Norfolk, July 30.—So she may be ready in time for President Roosevelt's trip to the isthmus of Panama, the battleship Louisiana cannot wait for her own small caliber guns, but will come immediately to the Norfolk navy yard and receive those built originally for the battleship Minnesota.

King's Horses in Exposition.

New York, July 30.—The steamer Minnetonka, which arrived today from London, brought ten horses from the stables of King Edward and Lord Rossmore en route to Ottawa to be exhibited at the exposition in that city.

Father Dies.

NEWS OF KENTUCKY

Hargis in Control.

Jackson, Ky., July 30.—Judge James Hargis succeeded in dominating the county convention called by the Breathitt county Democracy to name delegates to the Pineville convention. The fight was whether Floyd Byrd would have the instructions of this county, and he was beaten by a very decided majority. Breck Combs Hargis' fight-hand man, was elected temporary and permanent chairman. He appointed Judge Hargis, James Brophy and himself to represent the interest of Judge Cooper on the delegation, and G. W. Sewell, Arch Crawford and A. F. Lyon to represent Bantford White. It is understood that if both Cooper and White fail the Breathitt delegation will start the fight for Frank Hopkins.

BLOWN TO PIECES.

Vincennes, Ind., July 30.—A boiler exploded at the Vincennes paper mills today, instantly killing Harry Borders and Lefe Lichte. The bodies were blown 100 feet and terribly mangled. A number of other workmen were seriously hurt. The property damage is estimated at almost \$50,000.

Paper Mill Employees Killed by Boiler Explosion.

Abducted At a Party.

Centralla Ill July 30.—Mrs. Oliver George is reported to have been abducted by two men between 10 and 11 o'clock last night from the yard of Alder and Mrs. Wiley Adams. A birthday party was being given there and some 125 guests were in attendance, many sitting in the yard in front of the house. Mrs. Oliver was in the back part of the yard, when, according to the report given out, a man placed a handkerchief saturated with chloroform to her nose, and she became unconscious. Some time later she partially returned to consciousness, and heard a man apparently addressing another, say: "For God's sake, let her go. They are coming after us."

When she fully regained consciousness it was nearly 1 o'clock and she was lying in a pea field four blocks from the Adams house.

Miss Mary Clark, who has been visiting Mrs. James C. Utterback will leave tomorrow for her home in Hopkinsville, Ky.

Byrd Leads Them All.

Lexington, Ky., July 30.—Attorney A. Floyd Byrd, prosecutor of the Hargis and Callahan for the Breathitt county assassinations, will go to the district congressional convention at Pikeville next Wednesday with more instructed votes from the Tenth district than any other candidate, despite the opposition of the Breathitt feud leaders.

Killed by Wagon.

Hickman, Ky. July 30.—Sadie Robertson, the 7-year-old daughter of John Robertson was run over and instantly killed by a loaded wagon weighing five tons. She fell beneath the wheels while playing under the wagon.

Suburban Property.

The Oak Dale addition, about the prettiest suburban property around, has been placed on the market by W. M. Jones, to be sold in plots of from one acre up, and for \$10 down and \$10 a month.

It is part of the Thomas Boswell property, on the road to The Pines, and within five minutes walk of the car line. High, rolling, with plenty of shade trees, it is a delightful location for anyone.

The property is sold in from one acre plots on up, and good judges say it will be worth 50 per cent more in less than two years.

Marriage Licenses.

Marriage licenses were issued to the following:
William H. Etheridge, city, 32, to Florence Dutes, city, 22.
Edward I. Ward, 53, to Matilda Koitz, 36, both of Pineknollyville, Ill.
W. E. Harper, 22, Harrisburg, Ill., to Ella Powell, 21, Vienna.

REBATE PAPERS BURNED ON TRAIN

Some Sheets Blow Out and are
Picked Up.

Two Hot Cars Thrown on Siding, Satur-
ated With Oil and Set
On Fire.

OFFICIALS DENY KNOWLEDGE.

Greeley Center, Neb., July 30.—
Two Burlington freight cars, contain-
ing boxes and barrels filled with lem-
ons and papers, were saturated with
kerosene oil by four men and with all
the contents were destroyed by fire at
Belfast, an obscure siding eight miles
north of Greeley Center, about 6
o'clock Thursday evening. Matthew
Luce, a son of a farmer living near
Belfast, picked up a bundle of letters
and papers blown out of one of the
cars before the flames had reached it.
The following is a copy of one of the
letters in the bundle:

"Beatrice, Neb., March 11, 1904.
"Mr. Edward Clark, S. C. A., Oma-
ha, Neb.: (W. W. J. Clark, 2,137.)
Dear Sir: Herewith papers in claim
John Stewart, Concordia, for \$851 re-
bate on shipment of produce from
points on our Concordia branch. Our
engagement with Mr. Stewart is to re-
fund 33 1-3 per cent of the charges
on the shipments which move from
points within the state of Kansas.

"Yours truly,
"W. W. JOHNSTON"
"Burlington Route."

On this letter are several stamps
all of them bearing the words "Burl-
ington Route," or letters and words
"B. & N. R. R. in Nebraska." Other
letters in the bundle picked up by
young Luce are similar in importance
to the one quoted above, although he
refuse to permit them to be copied
saying that he had been advised not to
turn them over to anybody. In the
bundle were also Burlington way bills
and other records and papers dating
back as far as 1880.

When the Burlington regular
freight train arrived here from east
Thursday two freight cars were de-
tached from the train, coupled to an-
other engine and taken to Belfast.

The cars were accompanied by two
section men and two other men. At
Belfast the two cars were uncoupled
from the engine and then opened.
Each car was loaded with boxes, bar-
rels and bags of papers. In each car
were two barrels of kerosene.

The men sprinkled kerosene over
both cars and their contents and set
fire to the whole. When the fire died
down the four men came back to Gree-
ley Center, remaining all night in the
section house here and leaving on a
gasoline car on Friday morning.

Trains Once a Week.
Belfast is an obscure siding on the
Burlington branch to Erickson, and
trains run there but once a week.
Greeley Center people are making all
sorts of conjectures about the burning
of the cars and their contents in view
of the recent agitation of rebate cases
in which the Burlington has figured
prominently.

Yesterday morning a section man
named Campbell went from here to
Belfast to burn any papers that might
not yet be consumed. He was at the
work all forenoon, and there is not a
scrap of paper left there.
At the Burlington general offices
in Omaha today officials of the road
denied knowledge of any cars having
been burned at Belfast.

May Live 100 Years.
The chances for living a full cen-
tury are excellent in the case of Miss
Jennie Duncan, of Haynesville, Mo.,
now 70 years old. She writes: "Elec-
tric Bitters cured me of Chronic Dys-
pepsia of 20 years standing, and made
me feel as well and strong as a young
girl." Electric Bitters cure Stomach
and Liver diseases, Blood disorders,
General Debility and bodily weak-
ness. Sold on a guarantee at Mc-
Pherson's drug store. Price only 50c.

Baptist Church Dedication.
Mr. and Mrs. Gus Edwards and
Mr. and Mrs. Willis Eades returned
yesterday afternoon from Hayon
Mills, after attending the dedication of
the new Baptist church at Kooming
Grove, three miles from Bayon Mills.
The church burned out a year ago and
a new one has just been finished. The
dedication party went up on Mr. Ed-
wards' gasoline launch.

MILUKOFF

IS THE LEADER OF THOUGHT IN
RUSSIA.

He is Responsible for Advanced Stand
Taken by Members of Duma—
His Triumph.

St. Petersburg, July 30.—The lead-
er of the Constitutional Democratic
party in Russia, the center, which has
a majority in the duma, and repre-
sents the opinions of modern-minded
men, is Professor Paul Milukoff, or
Milyukov, as it is sometimes spelled.
Everybody tells me that Professor
Milukoff has done more than any other
man to produce the present situation
in Russia; that he is entitled to great
credit than any other for the tri-
umphs of constitutional government
and the introduction of a parliament
into the autocracy. He is not a mem-
ber of the duma, having been kept
out by the government, but is always
there, occupying a seat in the report-
ers' box, to which he is entitled as
editor of Itech (the Right) newspaper,
the organ of his party.

In the midst of a campaign for the
election of delegates to the duma
last winter Professor Milukoff was ar-
rested by the police on the charge of
uttering revolutionary sentiments.
They dare not send him to prison, he
is too prominent. He was then, as he
is now, the acknowledged oracle of
the strongest political sentiment in
Russia, and was directing a campaign
for the representation of that senti-
ment in a parliament which the czar
had granted to his people. A few
months previous he would have gone
to the dungeons of the fortress of St.
Peter and St. Paul, but the strikes
and other demonstrations had taught
the police and the government a les-
son. Any prison in which Milukoff
might have been locked up would have
been razed to the ground by the mem-
bers of his party. Therefore his trial
was postponed until after the election,
when he was acquitted.—Chicago Rec-
ord-Herald.

COAL HEAP AFIRE IN SOUTH CHUTE

Hundreds of Tons of Fuel are
Threatened.

Laborers Are Digging Through Heap
of Black Diamonds to Reach
the Fire.

MR. SCOFIELD'S POSITION.

Hundreds of tons of coal in the
chute in the south yards of the Illinois
Central railroad are threatened by
fire, which is smoldering in the slack
and hard to get at. The fire was first
discovered Saturday afternoon, when
smoke began to ascend from the pile.
Laborers were at once put to work
digging and they have been engaged
on the task ever since. Water is be-
ing played on the slack constantly and
it is believed that the seat of the fire
will be reached this afternoon.

Fine Promotion.

W. C. Scofield, of Paducah, is fore-
man of Burnsides, the highest shops
on the Illinois Central system, at Chi-
cago, and left this afternoon for Chi-
cago to assume control of the shops.
Mr. Scofield has been residing in Pa-
ducah six years and was foreman of the
Paducah shops until a few months
ago when he resigned to become trav-
eling salesman for the Futh-Stirling
Steel company, one of the biggest in
the country.

Mr. Scofield lived in Paducah
prior to his first position with the I.
C. and his ability was soon recog-
nized and he was made assistant fore-
man at the Burnsides shops, a position
he held for ten years. He was in-
stalled in Paducah as foreman of the
Illinois Central blacksmith shops six
years ago and only lately severed his
connection with the road. His excel-
lent service for the company was not
forgotten and when Mr. John Buckley,
foreman of the blacksmith shops at
Burnsides was retired Saturday and
placed on the pension list Mr. Sco-
field was considered the best man for
the place and accepted the offer. He
arrived Sunday from Birmingham and
spent yesterday and today with rela-
tives. His wife left Paducah several
weeks ago and is now assistant vocal
instructor in the Marsochalei music
school in Chicago.

A Modern Miracle.

"Truly miraculous seemed the re-
covery of Mrs. Mollie Holt, of this
place," writes J. O. K. Hooper, Wound-
ford, Tenn. "she was so wasted by
coughing up phlegm from her lungs.
Doctors declared her end so near that
her family had watched by her bed-
side forty-eight hours; when, at my
urgent request Dr. King's New Dis-
covery was given her, with the aston-
ishing result that improvement began,
and continued until she finally com-
pletely recovered, and is a healthy wor-
man today." Guaranteed cure for
coughs and colds. 50c and \$1.00 at

HOODOO CASE

EVERYBODY CONNECTED WITH IT HAS MISFORTUNE.

Starr Bankruptcy Matter Has Been Delayed Many Times By Illness and Accident.

Springfield, Ill., July 30.—Through the critical illness of Judge S. P. Wheeler, of this city, is revealed a strange chain of fatalistic circumstances involving those who have been identified with the bankruptcy proceedings brought two years ago against J. S. Starr and Harry C. Starr, at that time prominent carriage and implement dealers at Decatur. Tragic death, misfortune and attacks of illness that barely escaped being fatal have befallen several connected with the case. What will next happen is a matter of concern to those who know the history of the litigation.

After the Starr Brothers had been forced into bankruptcy Referee E. S. Robinson, to whom the case was referred, became ill and was compelled to leave Springfield for his health. A short time later Harry C. Starr, the younger brother in the case, died. This was followed by the tragic death of Isaac H. Mills, of Decatur, attorney for the Starrs. Mills who was later named revenue collector for this district at the time, was killed in a wreck at Decatur.

The next event came when Frank Roby, of Decatur, attorney for the Decatur National bank, one of the largest creditors, fainted and nearly fell out of a five-story window while arguing the case before Referee Robinson. He was compelled to go away for his health and since has been a physical wreck.

Matters then went on without untoward event until a few weeks ago, when Judge Wheeler, attorney for the trustee in the case, was suddenly attacked with heart trouble. He was given up to die, but is now able to walk about his room.

The Big Red Apple King of Illinois; Over Half Million Barrels This Year

Salem, Ill., July 30.—The big red apple is king in Marion county this year, the prospect for a big yield being the best since 1892. Few persons conceive the immensity of this year's crop, and when harvest time comes it will require an army of men women and children to properly care for the apples. Another gratifying feature of the crop this year is the fact that the quality is better than it has been for 25 years. There is by no means a full crop in the county generally this year, and many of the authorities place the figures at less than 50 per cent, although some few orchards in this immediate vicinity are placed at a full yield. Upon the figures compiled by several well-known orchardists, the apple yield in the county this year will be about 500,000 barrels. This may be regarded as an extravagant statement, but when government statistics are consulted it is very conservative. It is a matter of government authority that Marion county has a greater apple tree population than any other county in Illinois, and, in fact, is the fifth in the United States, being exceeded only by Benton and Washington counties in Arkansas and Niagara and Wayne counties, New York. This county is now credited with 1,500,000 trees, including those now bearing and those which have not begun to bear. According to the 1900 government report, there are 795,188 bearing apple trees in Marion county; this to make good the claim of 500,000 barrels, it would be necessary for each tree to produce less than three-fourths of a barrel. That they will all do that well is generally conceded, and many will produce three and four.

Black Art in Another Form. A German gentleman and his young son, Fritz, were on an express train bound for the seashore. While Fritz was snoozing, his father who occupied the window seat, snatched his cap and seemingly threw it out of the open window.

"Alas," the joking father said, "your cap is on de outside. Never mind, Fritz. I'll visit and it will come on de inside again tuit quickness."

The father whistled and, at the same moment, deftly placed cap on his attentive son's head. Fritz was speechless. He pulled off his head covering and gazed at it in wonder and at his paternalist in deep admiration for several minutes.

As the train neared a bridge the little chap was inspired. Leaning far out of the open window he dropped the cap, and turning to his dad confidently, said, "Vistie, fadder."—August Lippincott's.

"Do you think your father would like me as a son-in-law?" "Yes; I believe he would." "Oh, joy! I—"

SEWER CONNECTIONS

Must Be Made By Kentucky Avenue Residents.

Residents along Kentucky avenue between Fourth and Ninth streets will have to make their storm water sewer connections in a few days or go without. Under instructions from the board of public works the contractors are laying the concrete sidewalk as the work of paving the street progresses, and the excavations are nearly completed. The sidewalk is to be put down under a five year guaranty, and any one tearing it up will have to give a bond to protect the contractor.

Hetty's Epigrams on Money Making and the Extravagance of Generation

New York, July 30.—Mrs. Hetty Green, who will now share the honor of the richest woman in the world with Mrs. Russell Sage, bases her philosophy of life on common sense. She places no trust, financial or other, in any one till he has earned it. In her own words, she believes in peace and a standing army to maintain it. Here are some quaint bits of wisdom to which she gave utterance in an interview:

"I look upon property largely as a trust. I take care of it much on the same principle that you would take care of a valuable animal were it left in your charge. My father had the idea that the money one inherited should be given over unimpaired to the next generation. That is the way I have felt."

"I don't know that my fortune is due to any fixed principles. I only use common sense."

"There is no place in the world where women can be persecuted as here. American heiresses have a worse time than the Indian widows. The trouble with most persons is that they want to spend, but they don't want to work."

"Learn how to manage your brains, and you will know how to manage your fortune. Intelligence is better than Greek and Latin, and good morals will stand by you better than a fine education."

"I am afraid of two things, lightning and religious lawyers. I am a Quaker, and I believe in peace, and my way is to preserve peace just by

being ready, like a standing army. "Divorce is the saddest thing. Too many women never learn anything about housekeeping, and instead of attending to household matters after marriage they are without interest in them. They primp up and parade around, and then men primp up and parade around, and trouble follows. "The young folks of today have not inherited common sense."

"Autos like the giving of tips, are extravagant things. They chug, chug along, wasting money, destroying nerves, breaking down, and smashing property. They kick more than mules do."

A Bloody Record.

The number of homicides and deaths by violence in the United States in 1905 was 9,212, as against 8,182 in 1904. Suicides 9,082, as against 9,210 in 1904. Killed on steam railroads in 1905, 3,112; injured, 15,901; killed on electric and elevated railroads, 464; injured, 2,622. These statistics, collected by the Chicago Tribune, are unofficial, but perhaps they are none the less trustworthy on that account. We murder and manslaughter nine times as many as the Germans, four times as many as the English, Scotch and Welsh. America seems to be a little careless to put it mildly.—Everybody's Magazine.

The wise man pondereth in silence even that which he knoweth while the fool still gusheth his suspicions.
